

### Microliter Pipette Eppendorf Research® plus, 5 ml

#### ▶ Starter package with extra long tips

Variable, ultra light, single channel microliter pipette Eppendorf Research® plus meets the highest requirements for precision and accuracy. In combination with the extended slim filter tips, the handling of liquids or buffers can be made even more easy. The 175 mm long ep Dualfilter T.I.P.S.® simplifies reaching your samples in deep and narrow vessels without cross contamination.

- Four-digit volume display with magnifying display
- Just a few turns to set the desired volume
- Very low operating forces (control knob, ejector) required
- Spring loaded tip cone for optimum tip fit with minimal attachment force
- Adjustment possibilities for liquids with a different density than water
- High resistance to chemicals and mechanical stress
- Fully autoclavable

**Starter package:** Eppendorf Research® plus 5 ml pipette, ep Dualfilter T.I.P.S.® extra long (sterile, 0.2 - 5 ml, 175 mm, violet) 360 tips (3 × 5 racks × 24 tips)

## Microliter Pipette Eppendorf Xplorer® plus, 5 ml

### ▶ Starter package with extra-long tips

Variable, electronic single channel microliter pipette Eppendorf Xplorer® plus, specially designed for high professional standards. In combination with the extended slim filter tips, the handling of liquids or buffers can be made even more easy. The 175 mm long ep Dualfilter T.I.P.S.® simplifies reaching your samples in deep and narrow vessels without cross contamination.

- On/Off switch: Switches off the pipette during longer breaks
- Self-explanatory colour display without submenus, with ergonomic angle for optimal readability in every position
- Further applications: Aspirating, diluting, sequential dispensing and pipetting, reverse pipetting
- Adjustment to external conditions (e.g. geographic height, liquids with high density)
- Programming of sequences for simple processing of complex operations
- Individual fixed volume setting, storage of desired volumes
- Password protection: Protection of settings and adjustments
- History function: Automatic storage of the last 10 parameter sets
- Individual setting for comfortable speed
- Display of service intervals: reminder function optionally based on time or usage

**Starter package:** Eppendorf Xplorer® plus 5 ml pipette, ep Dualfilter T.I.P.S.® extra long (sterile, 0.2 - 5 ml, 175 mm, violet) 1.080 tips (9 × 5 racks × 24 tips)
